Training Preparations**

**Identification of the  
Pilot Sites**

## Training Video

You can watch short video of the training on Determination of Soil Pollution Capacity for Assessment, which was held online on 17-18-21 December 2020 with a participation of approximately 100 participants from central and Provincial Directorates of Ministry of Environment and Urbanization and related public institutions and organizations, on UNDP social media accounts and our project website, or you may scan the QR code for the video and the details of the training.

## 13th Operation Coordination Unit Meeting

The 13th Operation Coordination Unit Meeting was held on 13 January 2021. The progress in the project activities within the scope of the Project was mentioned and the information was provided regarding studies on the possible pilot sites in the meeting.

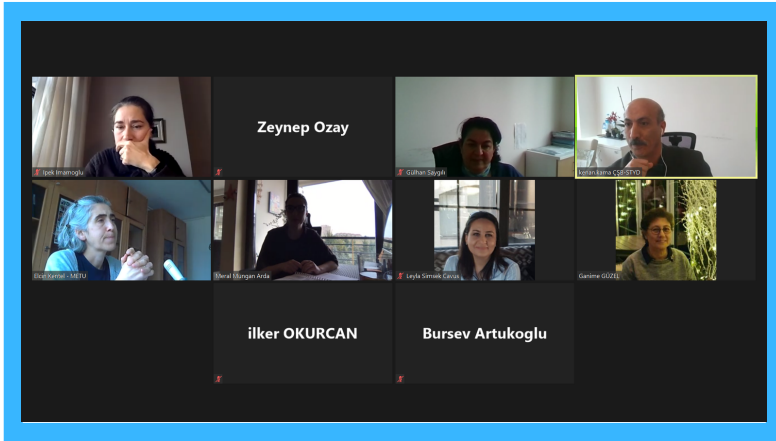

A brief evaluation was presented for 3-day Training on Determination of Soil Pollution Capacity for Assessment, which was held online on 17-18-21 December 2020.

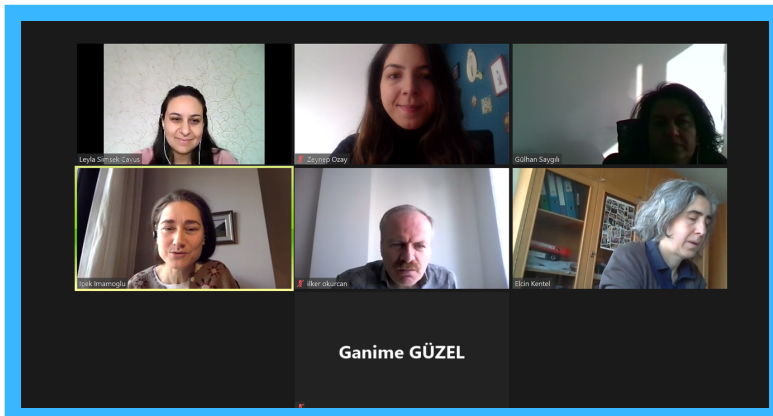

## Meetings on the Second Training Preparations

A meeting was held with Technical Consultants and the Beneficiary Institution on 07 January 2021 to initiate the preparations for "Training on Detection and Assessment of Pollution Load to the Soil" to be held on February 8-10-12 February.

A meeting was held on 29 January 2021 with Technical Consultants, Project Team and Beneficiary Institution to discuss the training content, program, and presentations. In line with the decisions taken, invitation letters and program details were shared with the Provincial Directorates of Ministry of Environment and Urbanization and the relevant public institutions.

## Identification of the Pilot Sites

Meetings with the relevant public institutions have been made for selection of pilot sites to be carried out within the scope of this project. Face-to-face meetings were held with the relevant institutions on 19.01.2021 and 20.01.2021 under this activity.
